

# Study visit to Sélestat, France for UK LTAs

## Sélestat, Alsace Centrale Combined Authority (PETR), East of France

Consolidation of four districts into a new administrative unit similar to a UK Combined Authority (French: *PETR*) to procure public transport services across a rural area. The new franchised bus network was recently awarded to the incumbent operator.

Visit organized by the French consultancy company Trans-Missions:  
**Managing Director and Project Manager of Sélestat**

In partnership with the French Local Authority:  
**Transport VP, General Director and Transport Director**

### Programme:

#### Overview of these main structural changes

- Creation of the Combined Authority in 2024 (PETR)
- Development of the network, including new DRT services
- Implementation of the franchising scheme (DSP)
- Outcomes of the franchising contract

#### Field visit

- Transport interchange hub
- Fully accessible bus stops
- Depot and vehicles
- Contractual relationship: penalties and quality control

### Organisation:

#### 2 options available for visits in the first half of 2026

- Morning in City Hall / Alsatian lunch / afternoon field visit
- Afternoon in City Hall / Alsatian dinner / morning field visit

#### Price

- £1,500+VAT for a visit of the UK LTA (not including meal and hotel expenses)

Crédits : Oie blanche
